When our lease expired with the Canon copier we had, we had three companies representing different manufacturers come in to quote a new machine. We actually had a machine that could do a lot more than we needed so we were looking for a less complicated, easy to use, efficient machine. The machine quoted to us from XEROX was the Phaser 3635. It has proven to be everything we asked for.

Our sales rep from Advanced Office Solutions, Adam Bearss, stood out as the most professional, courteous and most accommodating person to deal with throughout the entire process. He listened to our needs and delivered a solution tailored specifically to what we asked him for. He answered my 'silly' questions and handled a challenging situation easily and effectively. He won our business.

We are happy with our choice of machine and are thankful to Adam and the Advanced Office Solutions team for making the transition and set up easy and quick.

Sincerely,

A handwritten signature in blue ink that reads "Denise Wharton". The signature is fluid and cursive, with a long horizontal stroke at the end.

Denise Wharton
