Grimsby, ON
L3M 4H6

Dear Mr. Erskine,

We recently purchased a new Xerox Workcentre Pro 55 and I wanted to let you know how very pleased we are with our new machine. I love using our new copier, I no longer avoid the big, complicated jobs that would jam our old machine. I find the Build a Job component and the ability to scan in a new job while one is still printing most helpful. Our new copier has made my job much easier.

One of the things that was important to us as a church was that we purchase a machine that would be easy to learn and use (all of our different Ministry Leaders use the machine as well) and our new copier has been just that. The copying directions are easy to follow and very user friendly.

I would also like to take this time to mention your staff, in particular Adam Bearss. He consistently provided us with excellent service. He was able to answer all my questions about the copier and we were confident that in the end we were getting the best machine for our needs. He helped to make the whole experience a pleasant one.

Sincerely,

A handwritten signature in cursive script that reads "Laura Hess". The signature is written in dark ink and is positioned above the typed name.
