To Whom it May Concern,

Our organization is a longstanding customer of Advanced Office Solutions/Xerox Canada Ltd. Over the years, they have provided excellent service to our office accommodating not only our office print needs but also act as our IT department.

Our Workplace is very diverse, but AOS's sales team always manages to provide us with a Xerox product that will not only fit our space, but handle our output volume as well. Their products are priced well and easy to use. The account representatives are always helpful and can be easily reached when needed. We currently have several machines and are very pleased with the quality and also the superior productivity that Xerox machines carry along with them.

We are also extremely pleased with the quality of service their IT staff provides. We rely on dependable service from suppliers such as these to keep us up and running and certainly receive such with their prompt responsiveness and their professional conduct; they are always such a pleasure

We would most-defiantly recommend AOS for their friendly, unvarying service; and, of course for their exceptional products.

Yours Truly,

Bill Neudorf
