OUR FILE NO.

To Whom It May Concern:

Our firm has been with AOS/Xerox for several years now and have found them very helpful with our everyday office equipment needs at our firm. For the last year and a half we have been dealing with Chris Petis.

Like many other law firms, it is important we stay current with our office equipment needs as our environment is a rather paper intensive operation.

We recently started to use the Xerox Workcentre 5675 to scan our client files and have found this to be quite an easy transition. The Xerox machine is quite simple and does not require a long learning curve. The service team responds quickly to any of our concerns and is on site quite often within a few hours of a placed call to help get us back up and running.

We would not hesitate to recommend Chris/AOS and Xerox to any other law firms or local organizations in the Hamilton Area.

Yours truly,

GERALD A. SWAYE, Q.C., C.S.
