To Whom It May Concern,

Re: Xerox WorkCentre 7232

Dear Sir or Madam;

When it came time to upgrade a copier for our modest size non-profit organization, we called Romeo Venditti who we had worked with for close to a year. He was very knowledgeable and courteous, and he really cared about our needs. After considering some options he had in mind for us (being a non-profit organization, it was important that we do not get in over our heads on a copier), we decided to go with the Xerox WorkCentre 7232. Romeo was wonderful to speak with and offered a great deal of insight as well.

For the past 6 months, we have been very satisfied with this machine. It has worked well for us with little headaches at all. When we do call for service, our technician is here promptly and we are up and running quickly. We find that our service technician offers us speedy and competent service.

When the time comes to possibly upgrade, we will definitely call Romeo again.

Yours truly,

Sondra Barrett

Executive Director
