Re: Xerox and Advanced Office Solutions

Dear Sir/Madam:

As long as I have been employed by this company, we have been a huge supporter of Xerox. Over the years we have noticed many changes in our business and Advanced Office Solutions and Romeo Venditti have worked closely with us in always recommending the best possible solution for our needs.

There is just no way that we would continue to partner with Xerox and Advanced Office Solutions if the recommended solutions were not cost effective or non productive. Reliability and dependability are keys to any success, and we find that in the Xerox equipment.

We are very happy with Xerox and Advanced Office Solutions, and want to keep our long standing relationship going strong.

Thank you,

Dwayne Charette
