

To whom it may concern,

This is a letter of reference for Paul Attwood and Xerox Canada.

Fastprint has been a long time customer of Xerox. The product has generally been dependable and productive. The equipment has not always been perfect.....the good news is that the service technicians have always been top notch, service is prompt and technicians very skilled.

We are currently using a Docucolour 260 and 4110. Paul has been instrumental in providing us with the equipment best suited to our needs. He has also been helpful in providing us with product information and training seminars that become available from time to time.

Generally we are very happy with Xerox and will be using Xerox in the future.
