To whom it may concern:

Our office is a new customer of Advanced Office Solutions/Xerox Canada Ltd. Throughout the past few months we have been provided with excellent advice and service. Our current account representative is Mark Hirte. Mark has fulfilled his role and has also brought his own experience and style to the table. We have an excellent relationship with him and AOS team.

We currently have a large black and white Xerox multifunction printer that has image scanning and print capabilities built into them. We depend on this machine on a daily basis and cannot afford to have any down time. It has been very reliable which given the volumes of copies, prints and scans we do, speaks to the quality and durability of Xerox equipment. Xerox is very complete and has great features on their machines, some of which could not be offered to us from other companies. We could have gone with a similar machine elsewhere, however I do not feel we would have received the dependability and service from them that we have received from Xerox and the AOS team.

Mark Hirte and everyone at AOS have given us excellent advice and service and have always delivered on what they promised. I am confident that should you give them an opportunity to review your needs you will be as pleased as we have been.

Regard,
