Fax: 519.753.4712

To Whom It May Concern:

The National Association of Career Colleges would like to recognize their satisfaction in dealing with Advanced Office Solutions and Xerox for many years. We have been extremely satisfied with our products and support during these periods. Furthermore, our representative, Steven Foglietta, is always low pressure, prompt and very easy to deal with.

Recently, we had a need to downsize the level of equipment and Xerox was able to terminate our current leases before expiry to accommodate our changing need. The WorkCentre 5600 product was our choice in the market due to the SmartKit components, high level of productivity, ease of use and the ability to support Canadian manufacturing during these tough times. When service is required, the technicians in the Brantford area are very quick to respond with a callback within 30 minutes, and a prompt visit.

We would highly recommend working with Steven Foglietta, Advanced Office Solutions and Xerox.

Yours truly,

Anne Burns

Chief Administrative Officer
