

To Whom It May Concern:

For the past 15 years, Xerox has been my company's vendor for laser copier/printer. During this time, I have found the team at Xerox to provide high quality equipment and exceptional service on the equipment. They have always giving us the best service and have been forthcoming with adjustments and corrections when necessary.

The Xerox team is a pleasure to deal with. I have always found that when our machine was in need of repair there was always someone available to answer questions and repair was done quickly.

In short, it is my pleasure to recommend Xerox to you. Feel free to call me if you have any further questions about the service or equipment.

Sincerely,

Noelle Evans
