RE: XEROX Phaser 3635

Our staffing agency, Prodigy Personnel , recently purchased a black and white Xerox Phaser 3635. It was the perfect match for Prodigy! The touch-screen and intuitive interface made the transition to our new Xerox machine that much easier. With our volumes, the team at AOS recommended a machine that met Prodigy's needs, allowing us to streamline our office workflow from a central device. We are also proud to support a Canadian manufacturer given the current economic state here in Canada.

Advanced Office Solutions & Xerox representative Annalecia Molenaar did her research, calculating how much I was currently spending, and suggested a package that would lower my overall operating expenses. Over the past few months, they have provided me with excellent service, looking into and responding to any problems or questions I have had.

Excellent advice and service has been offered, and I am confident in recommending Annalecia Molenaar as a Xerox Representative to your company, as she will review your business needs and requirements to find a solution that fits.

Yours Truly,

A handwritten signature in black ink, appearing to read "Angelo Pitirri". The signature is fluid and cursive, with a long horizontal stroke extending to the right.

Angelo Pitirri
