Dear Mark:

It's not too often I take the time to put pen to paper (so to speak) however, in this case I think your company has earned that time.

From beginning to end the entire deal was seamless and smooth. The pricing to upgrade to a new all in one model was near enough the same as the old machine which was surprising and welcomed.

The staff from every department: sales, scheduling, delivery, and set up techs were pleasant, efficient and made dealing with AOS a very pleasant experience!

I would not hesitate to recommend your company at any opportunity I may have!

Sincerely,

Special Event Rentals Inc.
