

To Whom It May Concern:

I would like to express our sincere gratitude for all of the assistance that Mariola Czarniak has provided to our company over the last couple of years. She has been extremely helpful, respectfully, and very understanding of our recent situation within our office.

As you may know, we have been recently acquired so all contract renegotiations were put on hold until this past week. I contacted Mariola a couple of days ago as we were very quickly growing faster than expected so our copier needs changed. She responded to me right away and made sure she put time aside to meet with me this week. On top of this, she has also been our savior by finding additional equipment for us for a very large scanning project. She was able to save our company thousands of dollars by assisting us with this.

I would like you to know that she is an asset to your company and I would be very proud to have her on my team. I look forward to the future business we will have and feel confident that Mariola will always be able to look after us.

Thank you,

Rebecca Winter
